

# **NOTICE OF BOARD POSITION VACANCY**

An Opportunity to Serve Your Community

## **BLACK CANYON CITY WATER IMPROVEMENT DISTRICT**

Many of you may be aware that long-time Black Canyon City resident Mary Brown recently passed away. Mary was the second longest serving member of your Water Board. Of course all Board positions are critical to the District and must be filled at the earliest opportunity by a registered voter living within, or owning property within, the District.

Each Board member represents ALL the Owner/Users and his or her first priority is to safeguard the Owner/Users' interests. They should be attentive to the input of all Owner/Users, should have NO self-interests, should be actively involved in customer relations, and should be in frequent contact with Management

The available Board position is the one called "At-Large". The primary responsibility of this position is safeguarding the best interests of Owner/Users. He or she will be expected faithfully attend meetings and become familiar with issues by preparing ahead for meetings.

If you are interested, please submit a resume by February 11, 2010 for Board consideration at their next regular meeting (February 18, 2010). It should emphasize the experience that you believe might aid you in fulfilling the duties of the job outlined above. Attendance at the February Board meeting will be necessary.
